

AUDIO TRAINING

KETV offers training packages that can be fully tailored to suit your requirements and budget.

Learn to use the latest skills and technologies to create you own audio production.

Audio Team Building

Practical and fun team building to produce your company's EP!

Audio Production for Schools

Hands-on fun classes for schools to teach audio production and showcase a working production studio to school students.

Audio Production

Explore the world of music and radio with industry standard recording techniques and editing facilities.

Music Videos

Bring music and film together to create a professional music video or documentary. Training courses or professional services available.

STUDIO HIRE

KETV has space. A lot of space! Our studio measures an impressive 500sq ft so you can really capitalise on production space while you are with us.

Full or partial hire of studio space and equipment can be arranged in packages to suit your needs and budgets.

Whether you are recording a full orchestra or a solo set, KETV has the space for you.

- ▣ Live Room
Ideal for solo artists, small groups or for those wishing to record tracks for dubbing.
- ▣ Large Studio Area
Suitable for groups, choirs, small orchestras, and promos.
- ▣ Whitecliffs Theatre
Excellent space for large groups, orchestras, live performances and music videos.

TECHNICAL EQUIPMENT

KETV owns its equipment so you can always have access to our catalogue of useful and vital kit.
